B. ERRATA

On page 10-3 Part D Section "Time Correlation", the equation in the last sentence, which defines converting FDR time to local time, has a positive sign when it should have been a negative sign. Therefore, delete the last sentence and replace it with the following sentence:

The accident flight data have been offset from SRN to local central daylight time (CDT) with the following relationship: $\text{Local Time} = \text{FDR SRN} - 396,519 \text{ seconds}$.
